

My Worktime

My Worktime App for iOS

This app is designed for both iPhone and iPad

Compatibility: Requires iOS 7.0 or later.
Compatible with iPhone, iPad, and iPod touch.
This app is optimized for iPhone 5.

Languages: English, French, German, Italian, Russian, Simplified Chinese, Spanish

With this app you can capture your own working hours. You can use this app for one or more employers.

You can easily start a new work time or add a work time afterwards.

Post your hourly wage and see immediately what you have earned.

What are the key features?

- * Easy recording working times.
- * Easily manage one or more employers.
- * Working hours can be analyzed graphically.
- * Working hours can be summarized and exported in a report.
- * Working hours can be exported as CSV.
- * iCloud synchronization

Available on the
App Store

My Worktime

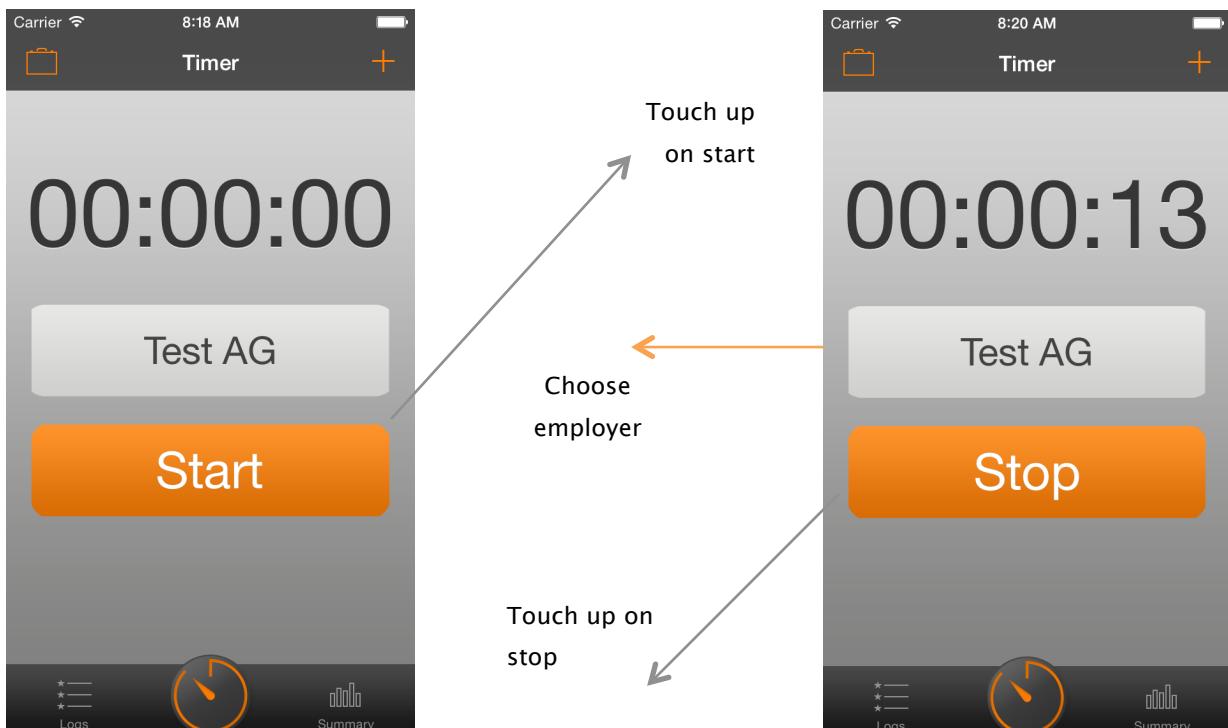

1 Capture your work time by time tracker

The most easiest way to capture your work time is to use the time tracker. To use this option, open the app and touch the time tracker menu item.

A) Touch start button to record your work time. Afterwards you can close the app.

B) Open the app again and touch the stop button to save your record.

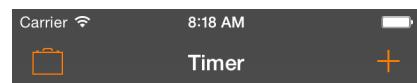

Your new record will be saved.

My Worktime

2 Add work time by direct input

Adding a work time by direct input is very easy.
Touch up the plus sign on time tracker screen.

The screenshot shows the 'Working hours' input screen. At the top, it displays 'Carrier WiFi', the time '8:28 AM', and a battery icon. Below that is a 'Cancel' button, the title 'Working hours', and a briefcase icon. The main area contains a large button labeled 'Homework'. Below it is a box showing the date and time: 'July 31, 2014 at 8:30 AM'. To the left of this box is '04:00' and '7/31/14, 12:30 PM'. To the right is '\$960.00' and '\$120.00'. Below these boxes is a horizontal slider with a central circle and minus/plus buttons on either side. At the bottom is a large orange 'Save' button. The bottom navigation bar includes icons for 'Logs' (with three stars), a clock (labeled 'Time'), and 'Summary' (with a bar chart).

→ Add new or edit an existing employer

→ Select current employer

→ Select start date and time

→ Slide working hours

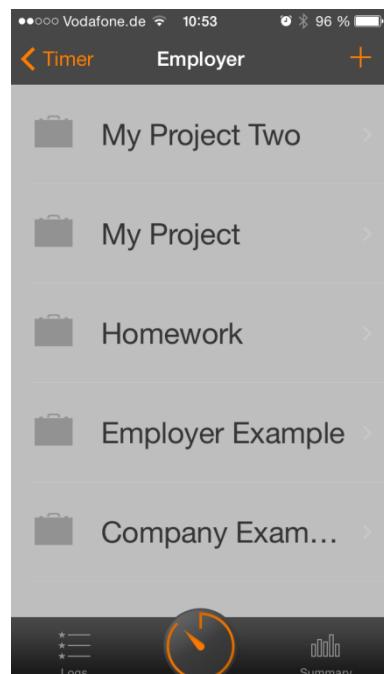

→ Save record

My Worktime

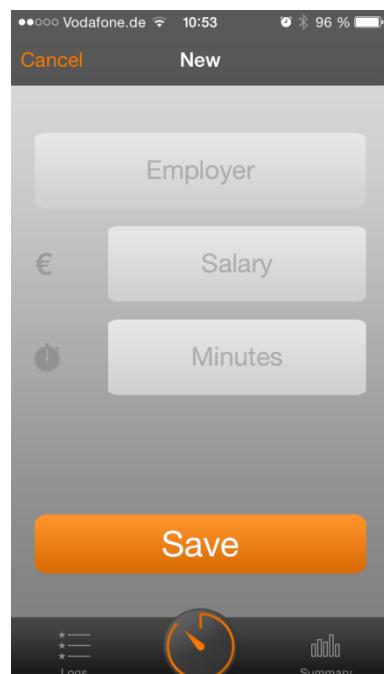

3 Add an employer

Adding or editing an employer is possible on several ways. The most common and easiest way is just directly next to an employer selecting section, touch up the briefcase sign on time tracker screen.

→ Add a new employer

→ Touch up a record and edit

→ Employers name

→ Your salary

→ Your salary calculated to minutes.

60 minutes = 1 hour means your hourly wage is calculated to one hour. This is the classic form of wage calculation.

In addition to the classical hourly wage calculation, there is the increased possibility to deposit different time units. This may be the case when you have made with your employer / client to another control.

My Worktime

4 List all records

You can list all records by touch up the log menu item at the bottom navigation.

The screenshot shows the 'Logs' screen of the My Worktime app. At the top, there's a header with 'Carrier' (Wi-Fi), time '9:06 AM', and battery level. Below the header is a toolbar with a pencil icon ('Logs'), a plus sign ('Add new record'), and a search bar. The main area displays a list of work logs:

Date	Duration	Company
Mon Jul 28, 2014	6.33 Hrs.	Test AG 9:00 AM - 3:20 PM from until 6.33 Hours
Fri Jul 25, 2014	8.00 Hrs.	Example Company 10:00 AM - 6:00 PM from until 8.00 Hours
Sat Apr 5, 2014	9.00 Hrs.	Example Company 4:30 PM - 9:00 PM from until 9.00 Hours
Tue Apr 1, 2014	4.08 Hrs.	Example Company 7:30 AM - 10:35 AM from until 3.08 Hours

A red 'Delete' button is overlaid on the fourth log entry. Several orange arrows point from the text annotations to specific UI elements: one arrow points to the 'Add new record' button, another to the 'Delete' button, and a third to the 'Touch records for details' text. A large grey arrow points from the 'Touch records for details' text down to the 'For individual section please personalize it for your needs on app settings menu.' note.

Add new record

Touch records for details

Delete

Slide from right to left for deleting option

For individual section please personalize it for your needs on app settings menu. *

The screenshot shows the settings menu of the My Worktime app. On the left is a circular icon with a gear and three stars. The main area has two sections:

- ICLOUD SETTINGS**: Contains a switch for 'iCloud' which is turned on (green).
- APP SETTINGS**: Contains two switches: 'Section: Show Income' and 'Row: Show Income', both of which are turned on (green).

* Settings menu will be found if you close this app and open your IOS settings app and scroll down to the app listings.

My Worktime

5 Detail record information

For each record you can see its detailed information. Touch up on list and see your details. By touching the "edit" button you can change your details as well.

The screenshot shows a work log entry for 'Test AG' on 'Mon Jul 28, 2014'. The log details are as follows:

Time	Amount
06:20	\$92.85

Below the amounts, there are breakdowns:

Working hours	Income
6.33 Hrs.	\$14.66
60 Min.	

At the bottom, there is an orange 'Notice' button.

→ Edit record

(same like add a record
by direct input)

→ Records meta information,
such as:

- date and time period
- Employers name

→ Records detailed information,
such as:

- work time
- work time as decimal
- your income
- your income settings for
this employer

→ Add a new or edit an
existing notice.

My Worktime

6 Export option

On the list, you can select export option by touch up the export sign.

The screenshot shows the 'Logs' section of the app with the following interface elements:

- Carrier: WiFi, Time: 8:53 PM, Battery icon.
- Back arrow: < Logs.
- Title: Export.
- Large button: All.
- Text input: July 31, 2014 at 8:53 PM (labeled as start).
- Text input: July 31, 2014 at 8:53 PM (labeled as end).
- Switch: Salary (off).
- Switch: Notice (off).
- Buttons: Text, CSV, PDF, Print.
- Text: 5 records found.
- Text input: Name.
- Large orange button: Export.
- Bottom navigation bar: Logs (highlighted), Clock icon, Summary.

→ Select employer

→ Select time period start

→ Select time period end

→ Show income (yes or no)

→ Show notices (yes or no)

→ Export format setting, such as:

- Text (will send an email)
- CSV (will send an email with a csv attachment)
- PDF (will send an email with a pdf attachment)
- Print (will print your export within the next WIFI printer, if you use one)

Shows your or any individual name on export

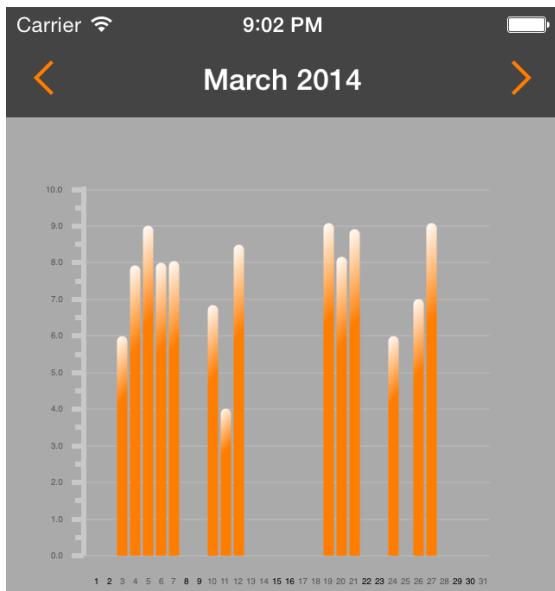

Creates the export

My Worktime

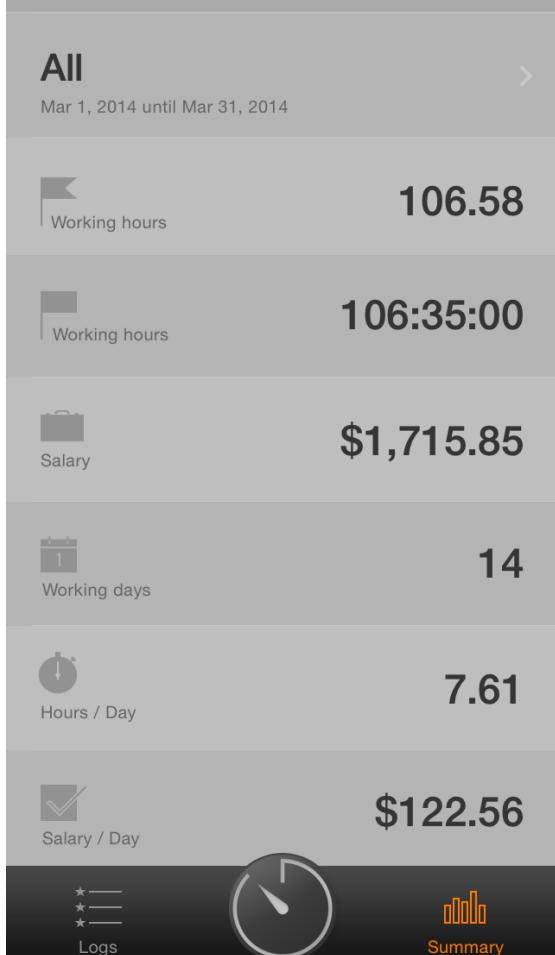

7 Summary

The app comes with a summary of your work time. Touch up the summary item at the bottom navigation bar.

→ Switch month

→ Select employer

→ Monthly hours in decimal

→ Monthly hours in time format

→ Your income

→ Worked days

→ Average hours per day in decimal

→ Average income per day
